GB1 Super Go Bag

Portable Antenna Carry Case

The new GB1 Super Go Bag is perfect for carrying all your portable antenna gear with you, wherever you go. The water-resistant stealthy black nylon zip case is the radio operator's grab-and-go organizer. Whether your needs are a DXpedition air carry-on, a weekend get-away bag, or an EmComm disaster relief briefcase, this rugged velcro-pocketed hardware portfolio puts it all at your fingertips. The GB1 fits and protects your Super Antenna MP1 vertical or DP Series dipole and accessories, with plenty of extra pockets for all types of radio equipment and portable gear.

● **Velcro Panel for Insignia & Flag Patches**

● **MOLLE - PALS Compatible Attachment System Front and Back for Interface with Military Packs, Gear Bags, HTs, or EmComm Pouches**
